HOBBIES AND INTERESTS

Writing poetry | Reading books | Chess | Swimming | Football |

I am always superior to my colleagues at the university in the field of programming, and I always hear praise from the professors, because of my thinking in finding solutions and my quick understanding of information, by the grace of God Almighty, because studying Sharia sciences increases the percentage of intelligence, but I want to delve deeper into the field of programming, and I find that the theoretical information is not sufficient, as it is easy information and far from the labor market, so I started looking for training.
